

КАТЕДРА МЕТЕОРОЛОГИЯ И ГЕОФИЗИКА
ФИЗИЧЕСКИ ФАКУЛТЕТ - СУ "Св. Кл. Охридски"

Семинар „Кръстанов“

В четвъртък, 9 Януари 2020, от 16:15 ч. в зала В60

Dr. Nurul Hasan*,
doncomputing.com,
Melbourne, Australia

ще изнесе доклад на тема:

Automation of Simulation: Future of design tool

Всички заинтересовани са добре дошли!

***Бележка от лектора:** I am a seasoned Fluid Dynamists with 15+ years of hands-on experience with CSIRO minerals, BHP. I am known for a strategic and focused approach to strong moral leadership, with extensive accolades for limiting risk using the latest engineering tools, creating lean teams, awarded for building trusts from board members/shareholders. I was awarded by EPA for environmental/HSE awareness and establishing creative strategies for optimizing internal engineering operations in Water, Environment, oil, and gas.
